

COMMAND & CONTROL MENTORING

COMMAND &
CONTROL
MENTORING

“
*Providing the best in
public service
training, standards,
and procedures to the
private security
sector.*

OUR SERVICE

Gain the extensive knowledge and skill required to manage the deployment of a command & control operation to an impeccable standard.

Our training provides knowledge of practical and tactical skills in operating a command and control centre, managing resources, and appropriate procedures. We deliver bespoke learning solutions, built around any previous knowledge you may hold and your training goals. We have a fully fitted and operating command and control centre on-site, allowing us to deliver both theoretical and practical learning scenarios.

Our experienced trainers come from the forefront of Policing programs, training development, and the delivery of practical assessments. They have consistently delivered law enforcement training, nationally and internationally for over 30 years. Teaching active officers, other public officials, and the private sector staff.

Our team is qualified at a national level to administer training in a wide-ranging collection of disciplines and skills, including, but not restricted to protective services, conflict management, command and control, first aid, hostile environment safety, criminal law, and investigative skills development.

SERVICE SPECIFICS:

- **Professional training programmes**
 - **Mentoring from industry experts**
 - **Coaching on practical procedures**
 - **Reviews and assessments.**
