

# SECURITY MANAGERS

*Identifying and  
managing the  
reduction of security  
risks and threats to  
yourself,  
your loved ones, your  
property, your assets,  
and your private  
information.*

# OUR SERVICE

**Our private security managers oversee all operational requirements pertaining to your safety and security, including strategy development, implementation and maintenance of security systems, and deployment of personnel.**

Our security managers will create a holistic and proportionate security strategy personalised to you, encompassing the smallest of details to manage risk at a strategic, operational, and tactical level. Proportionate and supported by effective structures. Culminating in the day-to-day responsibility to deliver your agreed security detail.

Our Security managers bring with them a breadth of security and personnel management experience.

All are licensed under the Security Industry Authority (SIA) and fully vetted under UK Law Disclosure and Barring Service (DBS). Undergoing rigorous recruitment checks relating to their speciality. We actively recruit former Police and military personnel for our security management positions.

## STRATEGY:

- **Build a detailed and personalised security profile**
  - **Create a proportionate security response**
  - **Implement security systems, personnel, and operations appropriately**
  - **Systematically evaluate the deployment of security resources to areas of risk**
  - **Foresight to adapt and adjust security requirements as comprehended or instructed**
