

SPECIALIST DOGS

SPECIALIST DOGS

*Our specialist dogs
and handlers work
meticulously on your
behalf, going about
their security duties
with the utmost
professionalism and
expertise.*

OUR SERVICE

Our security dogs are highly trained and operated by professional handlers, we offer both general purpose dogs and specialist dogs for private and commercial contracts.

Our service includes NASDU Level 4 explosive detection dogs and handlers, all highly trained and experienced in carrying out patrols and searches in public venues and businesses. Our teams are committed to eliminating physical dangers, such as explosives, firearms, and drugs from those under threat.

We can additionally offer dog teams for large remote residences, as part of our residential security service. Security dogs and handlers work cohesively alongside close protective operatives, security managers, and physical security systems, providing your property with a comprehensive security response.

Our handlers are all security professionals, with notable experience in the handling of security dogs, all are former Police specialists, and hold a vetting status with the UK, Disclosure & Barring Service (DBS).
